## SWEPT BY TIDAL WAVE

Islands of the Society Group in the Southern Sea Devastated.

### OVER ONE THOUSAND DROWNED.

Propelled By a Terrific Hurricane, the Wave Struck the Islands With Fearful Force, Carrying Death Before It.

San Francisco, Feb. 9.—More than 1,000 persons were killed and 80 islands of the Society group in the Southern sea were devastated on Jan. 15 by a huge tidal wave that swept across the island-dotted sea. News of the disaster was brought on the steamer Mariposa, direct from Tahiti.

The storm raged for several days, being most severe from Jan. 14 to 16. On Jan. 15 a tidal wave, accompanied by a terrific hurricane, attacked the Society islands and the Puamotu group with fearful force, carrying death and devastation for miles before its towering front.

As the news received at Tahiti up to the time of the sailing of the Mariposa was meager, it is thought that full returns may swell the death list. It is possible that hundreds of bodies were washed out to sea, so that they may never be accounted for. The islanders who survived are destitute of food, shelter and clothing. Crops have been destroyed and death threatens the survivors.

The first news of the disaster arrived at Papeete, Tahiti, on Jan. 26, by the schooner Elmeo. The captain of the schooner placed the fatalities at 500 persons. The steamer Excelsior arrived at Papeete the following day with 400 destitute survivors. The captain of the Excelsior estimated the total loss of life at 800 persons. These figures comprised only the deaths on the three islands of Hao, Hikueru and Makokau, whose total population is only 1,800. On Hikueru island, where 1,000 persons were engaged in pearl diving, nearly one-half were drowned. On an adjacent island 100 more were washed out to sea. Makono and Hao are depopulated. Conservative estimates at Tahiti place the number of islands visited by the tidal wave and hurricane at 80. All of them are under the control of the French governor at Tahiti.

### Indorsed by Texans.

Fort Worth, Tex., Feb. 9.—At the regular meeting of R. E. Lee camp, United Confederate Veterans, a resolution indorsing the Senator Hanna bill to pension ex-slaves was introduced by State Historian Judge C. C. Cummings and passed by an almost unanimous vote. There was some objection on the ground that the resolution might be construed as political. The resolution urges that Texas representatives in congress support the Hanna measure to the extent of rewarding all ex-slaves who remained at home within the ages set forth in the bill, or those who went with their masters in the civil war, but that those be excepted who were enlisted in United States volunteer service and are already on the pension list.

### Physician Murdered.

Ardmore, I. T., Feb. 9.—Dr. T. J. Fisher, a prominent physician at Reagan, has been murdered, presumably by robbers. Dr. Fisher, who was 45 years old, formerly resided at Stephenville, Tex. By marrying a wealthy Indian woman he became possessed of valuable land near Reagan. A patient called at Fisher's house and found him dead, shot through the head. The other members of the family were absent from home on a visit.

### Campaign Against Crime.

Louisville, Feb. 9.—A campaign against crime in Louisville and Kentucky was begun by the ministers of the state. In nearly every church in this city special services were held and the ministers and prominent laymen made addresses urging reform in the administration of the criminal laws. Specials from various points in Kentucky state that similar services were held in the churches throughout the commonwealth.

### River on a Rampage.

Columbus, Ga., Feb. 9.—The Chattahoochee river is on a rise and a flood is feared. The water is 36 feet above normal and still rising. A bridge which was in process of construction has been seriously damaged, and all the mills on the river front will be idle several days. Within six hours the river rose five and one-half feet. The damage to property along the river is considerable.

Versailles, Ky., Feb. 9.—A Nicholasville paper says that Mr. and Mrs. Riley Brock, who sold their effects at auction last Tuesday, have gone to White Hall, in Madison county, to reside with Mrs. Brock's former husband, General Cassius M. Clay.

## MUST SURRENDER TAYLOR.

A Law Found in Indiana That Covers the Case—Kentucky Officials Want Act, However, Till After Pending Trials.

The attention of the State authorities has been called to an Indiana law, under which it is claimed Taylor and Finley can be brought back to Kentucky, but nothing has been done under it. The authorities in Franklin County will first try to bring them back by having the Commonwealth of Kentucky bring suit against the State of Indiana in the Federal courts to test the constitutional right of Governor Durbin to protect the fugitives. If that method fails, then the recently discovered law may be invoked.

No action will be taken, however, until after the trials of both Howard and Powers are finally settled.

Ralph R. Gregory, a prominent criminal lawyer of Muncie, claims to have discovered the law in question. He points to Sections 1674b and 1674f of Burn's Revised Statutes, which contain the following: "When a criminal of another State is arrested in this State on a warrant made out by any one before a Justice of the Peace or a Circuit Court Judge, it shall be the duty of the Governor to notify the Governor of the State in which the crime was committed, and to deliver the prisoner whenever the requisition is made."

It is said that the law was unknown until discovered by Attorney Gregory, because of its being improperly indexed.

### River News.

The Queen City's staterooms are all engaged for the Mardi-Gras trip to New Orleans.

Some of the boats have been unable to pass under one of the bridges above here on account of high water.

The Pittsburg packets have been thrown off their regular days by delays. The Virginia passed up Saturday night on the Queen City's time.

United States Marshal V. J. Fagin Friday sold the steamer Helen M. Gould to satisfy the many claims against her. The purchaser was Captain Samuel L. Parson, the present owner. He bid \$3,750. There were only two other bidders. The purchase price is more than enough to satisfy all claims.

An inspection of the Ohio and Mississippi rivers is to be made by Colonel John L. Vance, President of the Ohio Valley Improvement Association. He leaves Pittsburg February 16 on the steamer Queen City for New Orleans as the guest of Captain J. F. Ellison, Superintendent of the Pittsburg and Cincinnati Packet Line. Colonel Vance will make river improvement speeches at a number of points.

### Insane Over Religion.

OWINGSVILLE, KY., Feb. 6.—Mrs. Wm. Asberry, wife of a Fleming County farmer, became insane over religion and was sent to the Lexington asylum. She was a convert of Mrs. Annie Herrod, of Ohio, who recently conducted meetings throughout this section.

### Owensboro Shaken.

Owensboro, Ky., Feb. 9.—A distinct earthquake shock was felt here at 6:45 p. m. Pictures were shaken from walls and tables in the second stories of many houses.

M. D. Newell, of this city, received honorable mention in the Courier-Journal book puzzle Sunday.

Mr. Harry B. Owens is at home from Martinsville, Ind., where he spent several weeks for treatment for rheumatism. He is greatly improved in health.

The first proclamation of the marriage of Mr. Mike Stahl, of the county, and Miss Mollie Sweeney, of this city, was announced at St. Patrick's Church, Sunday.

## PERSONAL.

—Mr. John Y. Dean was down from Lexington Saturday on business.

—Mr. and Mrs. W. E. Worrick are home from a visit to relatives in Carlisle.

—Mr. Elasha Moran, of Charleston Bottom, is visiting his sister, Mrs. D. L. Bush, of Ashland.

—Miss Edith Berry was the guest of Mrs. John B. Ingles, of Millersburg, from Thursday till Saturday.

—Mr. S. M. Worthington visited his daughter, Mrs. Luncelord Talbot, of Bourbon, the past week.

—Mr. and Mrs. John L. Shuff, who were called here some days ago by the illness and death of her father, Mr. Henry Thompson, returned to Cincinnati Sunday.

—Mrs. Joseph H. Dodson has returned from a visit to her daughter, Mrs. Choate, of Augusta, Ga. En route home she spent the past week at Covington with her sister, Mrs. Agnes Blaisdell.

## TO END THE DEADLOCK

Conclusion of Debate on Statehood Measure Looked For This Week.

### SUBSTITUTE BILL TO BE REPORTED

Senators Becoming Restive and Will Endeavor to End Discussion. Cuban Reciprocity Will Also Claim Attention.

Washington, Feb. 9.—All indications point to the conclusion of the debate on the statehood bill during the present week, but no one can tell at this time just when in the week the change will come, or how it will come. If the plans of the Republican leaders who oppose the statehood bill are put into effect the committee on territories will bring in a substitute bill early in the week providing for consolidation and the admission of two states. This will probably not be done, however, unless assurance can be secured that the full Republican vote can be obtained for the consolidation. If this plan does not take shape Senator Quay is likely to press his statehood amendment on the agricultural appropriation bill and a test of strength would ensue. The vote on this amendment would be very close if taken, and while the omnibus bill advocates feel that they have a majority, they realize that it will not be so large as it would be on a direct vote on the statehood bill alone and by itself. There is now some talk of admitting only Oklahoma, but if this should be undertaken it will be only as a last resort and will be postponed until towards the end of the session. All senators are becoming very restless under the present conditions and it is evident that they can not long continue.

In accordance with the motion given by Senator Allison the bill making appropriations for the District of Columbia will be taken up. Some portions of this bill will arouse debate, but advantage will be taken of the opportunity to further the efforts to compromise the differences on the statehood bill. An effort also will be made during the week to secure consideration of the Cuban reciprocity treaty.

### House Forecast.

Washington, Feb. 9.—The house will resume work on the appropriation bills this week. Beginning Tuesday the appropriation bills will be kept to the fore. The sundry civil and naval appropriation bills are both on the calendar. The former probably will be considered first. A special rule will be required for the consideration of the naval bill, as it contains a considerable amount of legislation, especially that for increasing the number of officers in the service, which is deemed vital, and unless a special rule is adopted all new legislation will be subject to a point of order. Friday is pension day, but if other things press the leaders may decide not to give up the day to this class of business. The session is so far advanced that minor matters have to give way for the supply budgets and other imperative matters. The friends of the currency bill are still insistent on time for consideration of their bill, but the chances for it are growing more slim, and unless time is given this week it is difficult to figure how it will be possible to give it any time.

### Increase Granted.

Indianapolis, Feb. 9.—A scale that provides for an increase that averages 14 per cent was offered by the operators to the miners of Ohio, Indiana, Illinois and western Pennsylvania. After a week's work the scale committee and its subcommittee reached an agreement. The miners made some concessions. By this proposition the day laborers are advanced 12½ per cent, the drivers 22 per cent, and 8 per cent is added to the cost of machine mining. While the new scale signed is only for three entire states and western Pennsylvania, it will be used as the basis, if accepted, in all other states. The operators say that on the above basis the total increase in cost of coal production in the United States will be \$49,000,000 annually.

### Female Bandit Killed.

Guthrie, O. T., Feb. 9.—A woman, known as "China," shot and killed by William Garland at Clinton, A. T., has been identified here as "Tom" King, a woman bandit, once with the Henry Starr "gang" of desperadoes which infested Oklahoma and Indian territory. She wore men's clothing when she lived in this country. Her maiden name was Flora B. Quick. Her father, Daniel Quick, was a wealthy farmer near Holden, Mo. It is alleged that the woman took part in the Santa Fe train robbery at Red Rock several years ago. She was arrested at Mingo, I. T., for horse stealing.

## AMERICANS RESCUED.

British Ship Saves the Crew of the Anna L. Mulford.

London, Feb. 9.—The British steamer Westhall, Captain Morgan, New Orleans for Glasgow, passed Browhead and signaled that the crew of the American schooner Anna L. Mulford was aboard. A dispatch from Bremerhaven Feb. 6 stated that Captain Webster of the British steamer Mount Royal reported having sighted, Jan. 16, the Anna L. Mulford, Captain Flentge, Charleston for New York, leaking badly. The captain, however, declined the offer of Captain Webster to transfer him to the Mount Royal, and requested to be towed to New York. This could not be done, and Captain Flentge then asked for the latitude and longitude, which were given him, together with the course to steer for Sandy Hook and the distance to that point. This is the first news of the Anna L. Mulford since the Mount Royal sighted her.

### Boers' Discontent.

Bloemfontein, Orange River Colony, Feb. 9.—The conference here between Secretary Chamberlain and about 40 Boers of the extreme party, including Christian Dewet, at which Mr. Chamberlain rebuked the delegation for presenting him with an address, which he regarded as insulting, inasmuch as it impugned the good faith of himself and the government, has further widened the breach between the Boer factions. Christian Dewet, who spoke after Chamberlain, prefaced his statement with saying that his remarks would "come like mustard after meat," and concluded with asserting that no co-operation of the Boers was possible so long as Piet Dewet and Christian both represented the people. He, the speaker, would not rest until he had caused a rebellion, not an armed rebellion, but a rebellion of agitation and discontent against the government.

### Relieving Distress in Finland.

St. Petersburg, Feb. 9.—Measures for the relief of the distress in Finland are apparently well organized. The Finnish national relief commission has received up to the present \$16,000 from American relief organizations. General surprise and gratitude is expressed at the large contributions which the committee has received. Other foreign countries have contributed \$3,000, and in Russia \$23,000 has been collected, including \$14,000 from the Russian Red Cross society, of which the dowager zarina is the protectress; \$2,000 from the czar and \$1,000 from the czarewitch.

### Two Big Car Ferries.

Cleveland, Feb. 9.—The Pere Marquette Railway company has placed an order with the American Shipbuilding company for two big car ferry steamers, to cost \$750,000. The boats will carry cars exclusively between Ludington and Milwaukee. The American Shipbuilding company is now under contract to build 64 lake vessels at an aggregate cost of \$14,000,000. Forty-three of these boats are to be delivered during the present year.

### Marconi's Dream.

London, Feb. 9.—The courts granted the Marconi company leave to amend its memorandum of association so as to enable it to cope with what counsel described as "potentialities beyond the dreams of science." In support of the application counsel casually mentioned that Marconi expected shortly to encircle the earth with wireless messages and hoped to apply his system to heating, traction and to publishing daily newspapers.

### American Consul Dead.

Paris, Feb. 9.—Consul General Gowdy has been informed that John H. Carroll, United States consul at Cadix, Spain, died of consumption at Mentone, where he was on leave of absence. The United States vice consul at Genoa telegraphed that Hubbard T. Smith, vice and deputy consul general at Cairo, who is lying in a hospital at Genoa suffering from cancer of kidneys, is gradually sinking.

### Jury Disagreed.

White Plains, N. Y., Feb. 9.—The jury in the action for \$250,000 brought against the New York Central railroad by the four daughters of Alfred M. Perrin, who was killed in the Park Avenue tunnel disaster, failed to agree after 27 hours of deliberation, and was discharged. Eleven jurors were said to favor a verdict for \$75,000, but the other juror stood out for only \$25,000.

### Valuable Auto Wrecked.

New York, Feb. 9.—An \$18,000 automobile was wrecked in Floral park, Long Island, and its five occupants were injured, three of them severely. The machine was running at a rapid rate when it suddenly "skidded," and its occupants were thrown into a deep ditch. The automobile rolled and bumped through this ditch, finally being stopped by a telegraph pole. It was completely wrecked.

## PREPARING PROTOCOL.

Blockade Will Be Raised When Document Is Signed.

### MINISTER BOWEN IS OPTIMISTIC.

Hopeful That No Perplexing Problem May Arise to Prevent the Reference of Venezuelan Matter to The Hague.

Washington, Feb. 9.—The representatives of the allies here are busily engaged in the preparation of the protocols which they are to sign with Mr. Bowen, Venezuelan representative, for the reference to The Hague of the question whether the blockading powers shall be entitled to preferential treatment in the settlement of their claims. The blockade will be raised when the protocols are signed. The ministers are in constant communication with their governments on this subject and are anxious, as far as possible, to cover every detail which should be comprised in an instrument of this character. Mr. Bowen also is anxious that the protocols shall be identical so far as this may be practicable, and he is directing his efforts to that end, and also that they shall be signed on the same day.

Minister Bowen was in communication with the English and the Italian ambassador and the German minister. He saw Sir Michael Herbert at the latter's home, the ambassador still having a disagreeable cold. From the instructions he has received Ambassador Herbert has prepared the draft of a protocol, which he submitted to Minister Bowen. It was the first of the three protocols which have been prepared, and the manner in which it was drawn was very satisfactory to Venezuela's representative. Nothing seriously objectionable had been inserted in its provisions, and the minister found only one or two places where he felt called on to suggest any changes. He is convinced that the British ambassador is making every effort to bring the vexatious matter to a close and to arrange a protocol which will be mutually satisfactory.

The Italian ambassador, Signor Mayor Des Planches, was at Mr. Bowen's apartments on two occasions with reference to the terms of the protocol, and Baron Spec Von Sternberg is working diligently on the German protocol.

Mr. Bowen continues optimistic of an early settlement and speedy raising of the blockade. He is hopeful no perplexing or vexatious problems may intervene now that the matter has progressed so far, and that it will not be long before the whole question is settled in its primary stages, the raising of the blockade, arbitration of the question of the preferential treatment and protocols signed for the settlement of the claims themselves, including those of the allied and of the unallied powers.

### Battle Averted.

London, Ky., Feb. 9.—The calling of the Griffin murder case came very near resulting in a reopening of the feud between the Griffins on one side and the Philpots and Thackers, who are allied. Griffin is charged with killing Deputy Sheriff Thacker of Clay county. The friends of both factions appeared at the courthouse all armed. There was a display of arms and matters were becoming very serious when Judge Faulkner, who had taken precautions and had handy reliable deputies, ordered the latter to arrest the ringleaders, and a battle was prevented.

### May Be Another Revolution.

Kingsford, Jamaica, Feb. 9.—The British steamer Para, from Colon, brings the news of the suicide on Jan. 30 of the former Colombian revolutionary general, Uribe Uribe. General Uribe Uribe published a letter Dec. 12 advising Colombia to await the lapsing of the Panama canal concession in 1904, which would leave the Colombian government a free hand in the matter of the canal. The reports brought by the Para indicate the possibility of another revolution in opposition to the Panama canal treaty.

### Roommate Arrested.

Cleveland, Feb. 9.—Solomon Spiegelstein, a rag peddler, 40, was found dead in a lower room of his apartments at 132 Orange street, with his head and body crushed and mutilated in a horrible manner. Ignatz Zahn, his roommate, has been arrested by the police and is being held on suspicion.

### Found Unconscious.

New York, Feb. 9.—Louis Mandel, a dealer in old iron, was murdered in his office in East Twenty-third street, his skull being crushed by blows struck with a heavy iron bar. He was found in an unconscious condition and died in the hospital. Robbery evidently was the motive of the crime.

## MODERN FIRE DEPARTMENT.

For the first time in the history of Nicholasville that city now has a modern-equipped fire department, having purchased hose wagons that are drawn by horses. Maysville still clings to her back-number, out-of-date, antiquated department and bids fair to do so until a conflagration sweeps the old town some night. If last Wednesday night's fire had broken out while the furious gale was raging earlier in the night, there is no telling what the result would have been. A few minutes time lost in reaching a fire often means the loss of thousands of dollars. Last Wednesday night, one of Maysville's fire companies—the Limestones—did not reach the scene of the fire until an hour and a half after the alarm was given. A department consisting of six or eight men, with two hose carriages drawn by horses, would be sufficient on all ordinary occasions in Maysville.

## KIND WORDS.

Expressions From the Press That Are Deeply Appreciated by the Senior Proprietor of the Bulletin.

[Dover Messenger.]

Col. George S. Rosser, the genial and popular senior of the MAYSVILLE BULLETIN, who has been seriously ill, is now reported much improved. This genial gentleman is highly esteemed by every newspaper man in Kentucky.

[Cynthiana Democrat.]

The newspaper fraternity in Kentucky regrets the serious illness of Col. George S. Rosser, the veteran editor of the MAYSVILLE BULLETIN.

[Flemingsburg Times-Democrat.]

We are glad to know that our old friend Geo. Rosser, of the MAYSVILLE BULLETIN, is not dead as was reported last week, his attack being only a temporary one. May he live long and get married.

[Manchester Signal.]

A rumor was afloat in Maysville last week that George S. Rosser, of the MAYSVILLE BULLETIN, was dead. The Signal is rejoiced that the report was only a rumor. There are few men as honorable as George Rosser, and we can't afford to lose him.

[Maysville Public Ledger.]

George Rosser is more than a mere newspaperman. He is a friend to every struggling young man, and more than one owes his present success in life to his words of encouragement and substantial assistance. He is an honorable, just, scrupulous and gentlemanly competitor, ever ready and anxious to extend a courtesy or to do a favor to his opponent.

Big of body, his heart is bigger still; and few, excepting himself and the recipients, will ever know of the hundreds of quiet charities bestowed by him.

The Ledger man has been George Rosser's business rival for thirty-seven years; and in all that time has found him the same as he is to-day—

A gentleman and a friend.

The Kansas City Star regards it as a happy omen that toasts to Abraham Lincoln and Robert E. Lee can be drunk at the same banquet in New York.

## Notice to Advertisers..

In order to catch the rural mails, it will be necessary for the BULLETIN to go to press much earlier than heretofore. The re-arrangement of our office schedule permits the handling of only live local news during the early morning hours, hence advertisers should see that their favors reach us the previous afternoon.

## Copy For Changes

in display announcements will not be received for insertion in the succeeding issue later than 4 o'clock on ordinary days and 2 p. m. Saturdays. Of course it is advisable to send them in much sooner than this to receive proper treatment, but above hours are the limit, and this rule will be rigidly enforced in future.

# There's a Point

Where cheapness ceases to be economy and it's a Hunt policy to avoid that extreme. Our good name and the security one enjoys in buying here are far more to us than a few cents of immediate profit on a poor article. Paste that fact on your calendar, for it stands for one of the strongest Hunt assets. It is especially emphasized during this Linen event where quality means life, service, economy, satisfaction. We cannot hope you will appreciate the saving on these NAPKINS until you examine their quality:

Good Advice.

[Flemingsburg Times-Democrat.]

There are a lot of young negroes running wild about this town who ought to be made go to school or to work. They are in a course which leads by a short cut to the penitentiary or the gallows. If their parents will not make them go to school or to work, then the authorities should run them in as "loiterers."

Captain O. F. Barrett, of Dayton, has returned from San Antonio, Tex., where he spent two weeks with his wife. Her health is greatly improved.

## THE BEE HIVE

The advantage we offer to the ladies of Maysville in showing our wash goods so early this year seems to have been well appreciated, and not only by the buyers, but by the dressmakers too. Two of the many advantages of buying at our early spring opening are the choice of styles and the ability of getting the goods made up now for six weeks hence the dressmakers will be too busy to take on much work.

## Don't Lose Sight of This Opportunity!

We are showing a magnificent line of wash goods including every known fabric. We are also showing every conceivable weave in colored Madras effects. Patterns and styles that cannot be had elsewhere in Maysville. We control a great many new weaves for 1903. We invite you to an inspection of our lines. The power of buying is in your own hands. Our power lies in the collection that we have selected for your view.

## MERZ BROS

### J. LEWIS PATTON.

Former Maysvillian Appointed One of Virginia's Commissioners to the World's Fair at St. Louis.

The commissioners of the State of Virginia to the St. Louis Exposition were named by Governor Montague several days ago. They are G. W. Koiner, Commissioner of Agriculture; Colonel A. M. Bowman, member of the General Assembly, and J. L. Patton, of Newport News. The board is regarded as an exceptionally strong one, says the News-Leader of Richmond. Continuing the News-Leader pays Mr. Patton, who is pleasantly remembered by his many friends in Maysville, this high but deserved compliment: "John L. Patton, of Newport News, is the young man of the commission. He is a progressive, hustling fellow, imbued with the spirit of business characteristic of the shipbuilding town. He is President of the Chamber of Commerce in his city. As a representative of the Tidewater section of the State, he is an ideal official. Mr. Patton is engaged in the real estate and banking business, and takes a peculiar pride in the great industry for which the city is noted. He is saturated with the Tidewater spirit, and the shipbuilding, fish and oyster interests will receive his special attention, while he is Virginian enough to devote his energies to all that pertains to the advancement of the Old Dominion."

Under the auspices of the young ladies of the Central Presbyterian Church, Miss Chunn, the elocutionist, will give a reading to-night at the residence of C. W. Darnall. The recitations will be interspersed with music. Admission 25 cents. Frappe will be served.

New line of wall paper at Hailine's.

New currants, citron, raisins—Calhoun's.

Fresh fish daily at Cablish's, Market street.

Slop for sale on and after January 15th at Limestone distillery.

The Collins Lumber Company's mill has resumed operations.

John J. Combs and Lula Smith, colored, were married Sunday.

John Tucker and Hattie Timberlake, colored, were married Saturday.

Jesse E. Poage is a candidate for reelection as Circuit Clerk of Bracken.

The late Thomas Calvert of Lexington married a Miss Calvert of this county.

Mr. and Mrs. John Bane have moved from Dover to a farm near Orangeburg.

Charles L. Osborne has been appointed a Storekeeper and Gauger in this Internal Revenue district.

There will be a progressive euchre given at the St. Charles Hotel at 2 o'clock on the afternoon of Feb. 14th, for the benefit of the New Public Library. Admission 50 cents.

Frazee & Lewis, of Dover, have bought 9,000 pounds of tobacco from J. C. Pickett at 7 cents, and 3,500 from David Thaxton, raised on the farm of Misses Bettie and Sue Hanna, at 6c.

O. H. P. Thomas & Co., Nos. 120 and 122 Market street, Maysville, Ky., sell Old Time Bourbon and Maysville Club Rye, direct from the distillery, by the quart, gallon or barrel; the finest in the State; guaranteed pure and as represented as to age. THE H. E. POGUE DISTILLERY CO.

### CHUNN-MILES NUPTIALS.

Popular Maysvillian Wins a Lovely Bride at Chattanooga, Tenn.

[Chattanooga Times.]

One of the most pleasing home weddings of the season was that of Miss Queen Miles and Mr. Thomas Reed Chunn, which occurred at the residence of Mr. and Mrs. Joseph W. Clift at Orchard Knob.

The house was beautifully decorated for the occasion and the elegant parlor, dining-room and front hall were thrown together for the accommodation of those who were to witness the happy event.

A large wedding bell of Bride roses was suspended from the ceiling of the front parlor, where at 8:30 the wedding ceremony was most impressively performed by Dr. J. W. Bachman, of the First Presbyterian Church.

Delightful music was furnished throughout the evening by Saffer's Orchestra.

Seldom has a more handsome couple been seen than were Miss Miles and Mr. Chunn as they presented themselves before the officiating minister. The bride, who is noted and loved for her charming voice and her sweet and happy disposition, was radiantly beautiful. She wore a traveling dress of gray cloth and carried a shower bouquet of bride's roses and lilies of the valley. The good wishes of her numerous friends was evidenced by the fact that she received many elegant presents, notwithstanding the circumstance that no formal wedding invitations were issued, and that only the immediate family of the bride and a few of the most intimate friends of the bride and groom were present.

Immediately after receiving the felicitations of their friends and partaking of elegant refreshments, which were served under the gracious direction of Mrs. Clift, Mr. and Mrs. Chunn left by way of the Southern for a trip East.

They will be at home after their return at 606 Georgia avenue.

### Hi Henry's Minstrels.

Hi Henry's Minstrels will be the matinee and night attraction at the Washington Opera House Wednesday, Feb. 11th. The company numbers fifty people and is first-class in every respect. The matinee should attract a large crowd, being the first minstrel show to give a matinee in this city. Prices 15 cents for children, 25 and 35 cents for adults. Night prices, 25, 35, 50 and 75c.

### Death of Mrs. Hamilton Brooking.

Mrs. Hamilton Brooking, formerly of this county, died Saturday morning at the home of the family near Lexington, of pneumonia, aged about eighty. She was a daughter of the late Nathan Hill, and was a sister of Mrs. John Stevenson, of Murphysville. The remains were brought here this morning for burial.

### Cannot Carry Passengers.

Persons may as well stop annoying the rural route carriers for a ride, as they are not permitted to carry passengers with them.

The City Council of Carlisle has fixed the 1903 levy at 60 cents on the \$100.

### CINCINNATI TOBACCO MARKET.

Weekly Review of the Trade—Heavy Offerings, But Little Change of Note From Previous Week.

Receipts.....2,178 725 7,820 3,162  
The 2,120 hhd. of new tobacco offered averaged \$7.32 per 100 pounds, as against \$7.46 for the 1,682 hhd. last week and \$7.07 for the 643 hhd. in the corresponding week of last year.

With heavy offerings, aggregating 2,849 hhd., the burley leaf market for the week showed few changes of note from the previous one, either in the quality of the tobaccos on sale or the prices obtained. Some irregularity was manifest in the sales of new tobacco, but this was due in a large measure to poor light on some of the sales days and the moist condition of a considerable por-

portion of the breaks. While red tobaccos, trashes and lugs predominated there was an increase in the bright goods between \$10 and \$12, and the competition for these was strong and active throughout the week. Good cutters and fancy leaf were also in more liberal supply, over sixty hhd. selling at prices ranging from \$12 to \$19.75. Shippers generally were well pleased with the prices obtained, particularly those who left the Louisville for the Cincinnati market. A number of these were on the breaks from Mercer, Boyle, Franklin, Washington, Shelby and Henry Counties, Kentucky, the greatest portion of their tobacco ranging from \$9 to \$14.

### LIVE STOCK.

Weekly Review of the Cattle, Hog and Sheep Market by Leading Trade Journal.

[Cincinnati Live Stock Review.]

The cattle market has been steady without any special or new features during the week. In a few instances there were sales of fair to medium

butcher grades at prices representing 10c. to 15c. per 100 lbs. advance, but on most grades there was no appreciable change. The receipts have been fair, but the demand in full keeping with supplies, keeping the pens pretty well cleaned. Quite a number of Western cattle were received. Very few heavy fat steers are being offered. Good stockers and feeding cattle are selling satisfactorily, considering the plentiful supply of cattle in the country. Milch cows and bulls are about steady. Calves are \$1 per 100 lbs. higher than a week ago, and firm.

The receipts of hogs have been light, and, with an active demand, prices have had an advancing tendency nearly all week, to-day's prices being the highest of the week. There was an especial scarcity of select shipping stock, although the average quality of receipts are fair. Most reports from the country state that supplies of hogs are short, so that there does not seem much likelihood of a large run of hogs at any time this season.

The receipts of sheep and lambs have been small, hardly enough for the limited demand, and prices were firm to moderately higher. Sheep average 10@15c. higher than a week ago, though there was no change in the top quotation. Lambs average 15@25c. higher.

## CHAS. A. WALTHER, Tailor.

It may seem idle talk to say much about Spring Clothing at this time of year. There are some few people who think it too early to place an order, but in having your clothes made to measure—and they really are the only kind that fit and last—two things should be considered. One is,

## "He Who Takes Time By the Forelock" Never Gets Left!

So he who takes advantage of opportunities when presented, and selects his goods and places his order for whatever he may need in wearing apparel before the season fairly opens is never left. For why? As usual the good things go first, and he who gets the first is like the "proverbial bird," gets the best that's going. The second thing to be considered is tailors. When spring is here they are very busy, and in consequence late orders are delayed which cause annoyances otherwise avoided. Come and look at my line. Over two thousand styles to select from. Suits made here by the best skilled tailors from \$23 up. Those made by the Globe Tailoring Company, for which I am agent, from \$15 up.

### A CITIZEN'S STORY.

Told by a Maysville Citizen For the Benefit of Maysville People.

The greatest importance attached to the following is that it concerns a Maysville citizen. It would lose three quarters of its interest if it involved some resident of Kalamazoo, Mich., or Woonsocket, R. I. Like all the testimony which has appeared here and like all which will follow about the old Quaker remedy, Doan's Kidney Pills, it comes from residents, fellow-citizens and neighbors. No other remedy can show such a record of home cures. Read this case:

Mrs. R. R. Housh, of 394 Forest avenue, says: "Doan's Kidney Pills quickly relieved Mr. Housh of backache which had been a source of discomfort to him for some time. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets and its proven value is so great that it should be known throughout the world."

For sale by all dealers. Price 50 cents a box. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no substitute.
